WHAT IS MEDICAL MALPRACTICE INSURANCE?

Medical Malpractice, also known as Errors and Omissions liability or Professional Liability responds to claims arising from your work as a Paramedic in Alberta. It responds to third-party claims of negligence on your part - whether actual or alleged - during the course of your work as a Paramedic. The policy responds to claims of damage caused by the administration of professional services, services or care rendered incorrectly, or the failure to administer care when it is required. It also includes coverage for legal expenses associated with investigating and defending the allegations.

INCIDENT REPORTING

Coverage under Medical Malpractice Liability policies is on a Claims Made and Reported basis. This means the policy responds to allegations made during the policy period regardless of when the incident in question actually took place.

However, the policy stipulates incidents/claims **must be reported** to Lloyd Sadd Insurance Brokers Ltd. **as soon as individuals first learn** of an allegation, claim or that one could potentially be brought against them. This is extremely important as coverage could be denied if the individual does not advise in a timely manner or jeopardizes the potential of an early defence, should it be required.
